Osborne School Garden

It's finally spring and we are ready to get planting! The K/1/2 class has started some seeds inside to watch them grow with our new 'Ag in the Classroom' equipment and we have successfully grown our first crop of ceremonial tobacco plants. We are now planning our school garden which helps supplement our school snack program and helps children learn many curricular outcomes while providing an excellent opportunity to explore, nurture and connect with their environment. School gardens have been shown to increase self-esteem, help students develop a sense of ownership and responsibility, and promote healthy lifestyle choices. In order to maximize our garden, we need your help. If you and your family would be willing to water and tend the garden for one week during the summer, please let us know. We usually plant things that require very little tending so your time commitment would be 1-2 hours per week (or less if it rains)! Please contact Mrs. Grimard or Mrs. Magnin if you are able to help.

The staff and students of Osborne school appreciate your assistance 😊

Milk Program

White milk and chocolate milk can be purchased individually for \$1.50 each or by card. The cards will be sold for \$12.50 and will provide 10 milks. Cards can be purchased from the office, or by using our online payment system, and can be purchased at your convenience throughout the school year.

SCC Lids for Lids

Osborne School, along with the SCC is continuing with the Friday fundraiser called "Lids for Lids". On Fridays, if students pay \$1.00, they will be able to wear their favorite hat in and around the school. Normally our dress code requests that students remove their hats when entering the school. "Lids for Lids" is being run to help fund the replacement of an expired inventory of hockey helmets in the school rink shack.
